bracket a bill that it is not considered a bracket for that day. I hope that I have made my point. I am just as tired as the rest of you, in fact, I have had to rent a motel because I don't know how late we will be here tonight. I'll have to be here again early tomorrow morning and spend the whole day. But I don't mind doing that because I was elected to do it. I would like to go off and leave the Legislature and attend a bunch of conventions and drop in now and then for a vote. I would like to go to California and visit my sister. I'd like to be anyplace but here right now. But, to quote Senator Marsh from several years ago, Senator Marsh stood here when we were going up untill nine or ten o'clock at night and she said, I will stay here till midnight because that is my duty, that is what I was elected for. I'm serious about bracketing this bill but I know the votes are not here. But I do think we are making a serious mistake in advancing the bill tomorrow and changing the rules of the whole Legislature for one bill and making fools out of ourselves when we haven't even heard those amendments that might improve the bill, that might even save some of these corporations the bad reputation that they have earned themselves through their terroristic methods. So, Mr. President, I shall withdraw this bracket motion and that will mean, Senator Hall, I haven't made any bracket motions today and I can still introduce more, if I want. Thank you, Mr. President.

PRESIDENT: Thank you. Mr. Clerk, do you have anything further on the bill?

CLERK: Mr. President, if I might, items for the record.

PRESIDENT: All right.

CLERK: Enrollment and Review reports that 218A correctly engrossed, 529, 688, 688A, LB 708 and 787, all correctly engrossed. (See pages 2395-97 of the Legislative Journal.)

I have amendments to be printed from Senator Vard Johnson, Senator Landis. I have an Attorney General's Opinion; and proposed rules change Mr. President. That will be referred to the Rules Committee. (See pages 2397-2403 of the Legislative Journal regarding LB 295, LB 376A, and LB 658.)

Mr. President, the next motion I have on 775 is a motion to return the bill. That motion is offered by Senator Chambers and Senator Schmit.
